

## Group Project Work Division Assessment

Each member of your group is to independently complete this form and turn it in on the day the project is due.

Your Name

Who else was in your group?

Did everyone do approximately his or her fair share of the work on the project?

Did anyone contribute extra? If so, who and how? (For example, perhaps Mary had some of the key ideas, or Bob kept the group on task.)

Did anyone contribute less than appropriate? If so, who and why?

Any other comments regarding the project? (Did you learn anything from it? Was it worth doing?)
